Dedication

This is a compilation of three old registers kept in chronological order. The Perkins register gives the early members and pastors of Trinity United Methodist Church.

On the initial page of the book is the handwritten message:

*This Book was presented to
the Methodist Episcopal Church, South
at Tallahassee, Florida
By Thos. J. Perkins March 1888.
He joined this Church
June 1st 1872.*

The following narrative is found at the top of page one in the section **Register of Pastors**:

“At a session of the South Carolina Conference held in Fayetteville, N.C.

Jan'y 20, 1825 appointments were first made for Tallahassee District and Tallahassee Mission. Jan'y 1826--there were reported from the mission-- White members 60; Colored 13. January 1827--Whites 88; Colored 18. Feby, 1828--235 Whites; 52 Colored. At this Conference held in Camden, S.C., Tallahassee Station and Leon Circuit were formed. The names below begin with the P. Elders and Preachers in Charge of the Mission.”

**THE
COMPLETE
CHURCH REGISTER.**

Conference,

METHODIST EPISCOPAL CHURCH, SOUTH.

NASHVILLE, TENN.:
SOUTHERN METHODIST PUBLISHING HOUSE.
188.

Entered according to Act of Congress, in the year 1879, by
J. B. MCFERRIN, AGENT,
in the Office of the Librarian of Congress, at Washington.

INTRODUCTION.

THE Discipline of our Church provides that every Society shall have a permanent Register, in which the Secretary of the Church Conference "shall enter in chronological order the full names of all who shall join the Church, with the time and manner of the reception of each; and also shall make a permanent record of all baptisms and marriages within the congregation." These Registers are intended to be permanent, and to contain not only the list of living members, but of all who have joined the Church, with the date of their admission and of their disposal or death. A Register, therefore, should be large enough to last a generation, and should never be revised or rewritten until the book is exhausted. In this respect many of our Registers have not been properly kept. The custom in most places has been to rewrite the list of living members every year or two, and omit entirely the names of all who have died, removed, or in any manner ceased to be members; the old Registers have been thrown away, and as a consequence there is no proof by record of the fact, or date of the admission of thousands of our members.

The Register here presented may not contain every feature which some excellent pastors would prefer, but in practical use will be found to embrace every thing absolutely necessary. In this simple form it has the advantage of being easily understood; and it can be furnished about as cheap as a common blank-book of the same size and binding. The first form in the book is a Register of Pastors, and needs no explanation. The second form is a Register of Members, so ruled as to allow space opposite each name for recording the date of admission, the manner of admission, as by certificate or profession, the name of the pastor by whom the member was received, and the date of the death or disposal of the member. This form should be numbered on the left-hand margin, beginning with one and continuing consecutively, so that the last number will show the number of persons who have ever been connected with the charge. The next form is a Death or Disposal Register, which will be easily understood. It should also be numbered from one consecutively, so that the last number, subtracted from the last number of the Register of Members, will always show the number of living members in the Charge, or Society. The blanks for registering Baptisms and Marriages are intended to be used only when our ministers officiate, or the parties are members of our Church or congregation. In case of the baptism of children, the names of parents or sponsors should be inserted. In case of the marriage of a female member, causing a change of name, the marriage and the date should be noted in the column of disposals, and the new name should be reentered like a new member, and the column "When Received" should be filled out by reference to the number of the name when first entered. The new number should also be noted in the disposal column opposite the first entry of the name.

This form of Church Register has been in use nearly four years, and has been highly approved by all who have used it. It is made in two sizes for the convenience of large or small Societies. The copyright belongs to the Publishing House, and it is sent out with the earnest desire that it may prove convenient and useful to the Church in giving a correct historical account of each Society, and of the admission and disposal of every member.

L. D. PALMER.

Southern Methodist Publishing House, Nashville, Tenn., July 1, 1882.

Register of Pastors.

		One Year 1835
		" " 1836

In the early 1990's and in the midst of my genealogical travels to many libraries throughout Florida, Georgia, and Alabama (much, much before the availability of information on family history websites), and finding indexed books on a community church's history, the thought occurred to me to pursue the possibility of organizing Trinity's old records in a format readily accessible to other family history enthusiasts.

A long-time member of Trinity, a founding member of the Tallahassee Genealogical Society, and a resource person in my early years of genealogical research, Nellie Bird Mims supported me wholeheartedly on my idea for Trinity's records. With Nellie's encouragement I made mention of my broad plan to the co-chairpersons of Trinity's Church History Committee Vernon and Jamie Parramore.

On a Friday morning within the next few weeks I experienced an "awakening" when they introduced me to the membership books. I was holding in my lap for the very first time these very old church records. I marveled at how the history of Trinity, Tallahassee's first religious organization, paralleled our City of Tallahassee's history.

Furthermore, I could readily see that the varied information on each Trinity individual would be a treasure to any genealogist. There were names, baptism dates, marriage dates, death dates, and in some later books the place of residence of the family. Some membership books named an individual's former church before coming to Trinity as well as the name of the new church and city when someone moved their membership from Trinity.

After this Friday morning experience my mind began to visualize the creation in a computer program a digital replication of this most-important resource of Trinity's past. I was impressed how all the entries in the membership books followed the same format—rows and columns. These membership books were stock items purchased with the sole intend for churches to record their membership rolls.

My immediate endeavor was to search the available computer software which would allow a spreadsheet design, a single entry of data, and allow an easy manipulation of this data to accommodate future changes in formatting. Within the Microsoft product Excel I found my answer for the choice for the software. During this time of my making these logistical decisions, the Parramores were gaining the support for my work from the Preservation of Church History Committee and from the Senior Minister David Hortin. The year was about 1995.

The first item to undertake was to photocopy the contents of Book 1. I spent many Friday mornings in the Church office (under the tutelage of the staff secretaries showing me the intricacies of their sophisticated photocopier) meticulously copying the pages from Book 1. One must remember the delicacy of handling this book and the care that had to be taken to insure the book's integrity while turning it upside down for the photocopying process. All the pages were tattered, some to the point of being brittle. The pages of photocopied material were then hole-punched and bound.

Photocopying Book 1 solved three issues:

- 1) it gave me a copy of the book at home to make the entries onto the computer, on my time without having to be at the Church;
- 2) it allowed for minimum handling of the book during the time of data entry; and,

3) it gave the Church another copy of this most-important treasure in case of its subsequently being misplaced or destroyed.

For the next year or so the Excel file slowly paralleled Book 1. What pride to see this reality of my original vision! Once the contents of Book 1 had been entered into the realm of the “digital age”, Book 2 was approached in the same manner as described for Book 1. Book 3, Book 4, and all the other membership books were photocopied for my use at the appropriate time.

In about 2001 Linda Yates became chairperson of the Preservation of Church History Committee. She and her husband Bob Yates constantly were stimuli for me to continue this project. All this time it was my intention to have the books put into print for dissemination to libraries, to state archives, and into private homes. At that time I envisioned that each book, or a compilation of the entire array of books, was to be a purchasable item, maybe a money making project for the youth or some other Trinity related group.

Only with the proliferation of the world-wide web and its ability to distribute information exponentially beyond the walls of a public library did I start thinking of preparing my work for a Trinity website or for a website under the auspices of the Tallahassee Genealogical Society. The search for a person with computer software knowledge of how to take my project and adapt it to the Internet was a slow process. Internet protocol constantly changed, and expanded in dynamics and use. With the hope that this unique individual was “just around the corner” I began to make final scrutiny of my entries to prepare the database of Book 1.

What I needed was a partner who could be generous with her time to work closely with me to edit my work in regards to spelling, formatting, and deciphering handwritten entries.

In 2010 Judy Tait Levy offered to sit with me one afternoon and let me show her my work in transcribing Trinity’s membership records, in particular Book 1. As a Tallahassee native she immediately became interested in the names, the dates, and the association of Trinity’s history with present-day Tallahassee. From that date on she has been invaluable to this project; constantly revising, constantly enhancing our project.

It was in the summer of 2012 that Judy and I were introduced to the third member of our team, that long-sought person with the knowledge and the dedication to work alongside us to make Book 1 an Internet reality. Colleen McConnell has been, without question, the answer to my prayer for this project to go from a static computer database to our dream of Trinity’s membership records available to the world.

The Rev. Wayne Curry came to Trinity as the senior minister in the summer of 2008. It was through his direction and commitment to the long-sought establishment of a Church Heritage Room did Trinity come into its prominence of having our valued historical records available for use by our congregation and the public. Linda and Bob Yates planned the room and with the help of other committee members and church staff completed it for an open house on Trinity’s 185th anniversary in September 2009.

Vision

Trinity United Methodist Church
Church Register - Book Two

Preserving and sharing Trinity's treasured past in the Heritage Room and making portions of our heritage accessible through the Internet is finally coming to fruition!

-------------	-------------	---------------	-------------	----------------------	---------------------	-------------------------	----------------------------------

This list closes with the pastorate of Rev. J. F. Marshall in 1886, having been compiled from three old registers which were kept in alphabetical order. Doubtless some names have been omitted. Changes in names from marriage necessitated a second writing of them. These amount to (about) 50. Deducting this from total makes the number from roll of 1842 to Dec 1886----759. The names on the roll Jany 1887 are transcribed in chronological order.
Henry E. Partridge
Pastor 1887--
