inclement weather & its consequences. We are
hoping for improvement. The exercises of

our School are very interesting, and profitable. I am sure those who do attend regularly. The Pastor is doing his best both in, and out of the pulpit to inspire deeper interest in the prosperity & success of the School, and in these efforts he is warmly seconded by the Superintendent, and at least some of the Teachers. Teachers attend regularly, though, some are often late. The Superintendent & Secretary are always punctual, and the exercises are very interesting. One scholar a youth of 16 years, was received into the Church last Sunday, on profession of faith in Christ the Saviour. We are working and praying for the conversion of the children.

" 3 Is there a written report of the number and
condition of the Sunday School

Ans The condition of our S School has been very
unsatisfactory for some time past. Bro J.T. Bernard
who has been for several years the punctual and
diligent superintendent, has been absent for several
weeks, and the time of his return is still uncertain.
In addition to the embarrassment caused by his absence
and even before it occurred, there has seemed to be a
general abatement of interest, and irregularity in
the attendance of Teachers & Scholars, that saddened
his heart and mine.

I am happy now to state however that Bro J.J.
Perkins, who was the efficient head of the school
from 1846 to 1874, has consented to take charge again
as superintendent, until he goes North in the summer
and began his labors last Sunday with an increased
attendance and signs of reviving interest in the
exercises. Regard E.L. Blake Pastor

On the 31st March last Bro S Myers, one of the oldest
and one of the most useful members and officers
of our church, was removed by death.

He died as he had lived - in the faith and hope
of the Gospel. "He rests from his labors and his
works do follow him" Our loss seems irreparable
but his gain is eternal. We have enjoyed a
privilege in being so long associated with so good
a man. May the Lord help us to profit by his
example. Signed E S T Blake Pastor

Resolved 1st That we deeply feel and lament the loss of our worthy Bro Selim W Myers. who has been an active and valuable member of this conference since its 4th Quarterly meeting in the year 1843 up to the time of his late illness and death

2nd Resolved That the Church of which Bro Myers has been a consistent and faithful member since 1842 and where his seat was seldom vacant, and his voice often heard in prayer, love feast and the class meeting of which he for many years was a faithful leader, has sustained a loss which can never be repaired except by the same kind Providence which permitted us for so many years to enjoy his useful presence

3rd Resolved that while we do not mourn as the loss of our departed Brother as those without hope, we realize the painful fact that one whose wise counsels so often gave direction to our deliberations, is no more in our midst, and we pray Almighty God to raise up for us some worthy member to fill the place of our much beloved and departed Brother

4th Resolved that we tender to the bereaved family of our deceased brother the heart felt sympathy of those who have been so long accustomed to meet him in the varied fields of usefulness

The P.E. brought up the subject of raising money to pay the expenses of the delegate selected by the college of Bishops to represent the Florida Conference in the Ecumenical Conference to meet in England & all

Ques 1 Are there any appeals and none

" 2 " " " Complaints " "

" 3 Is there a written report from the P. in C of
the number and state of the Sunday schools

Ans In answer to Ques 3, I have to report that we
have one school, which seems to be faithfully con-
ducted and taught, according to the spirit and Methods
of the Church. It is not large, but perhaps not far
below what might be expected of our congregation
It made a better library. I am unable to
judge of its moral and spiritual influence
or to what extent its scholars are increasing
in scriptural knowledge. Nor can I yet tell
whether it is advancing, or what are the possi-
bilities or impediments of its growth.

It is safe to say that with a more liberal equip-
ment, sustained by increased interest, zeal and
enterprise under the blessing of God, its usefulness
may be greatly enhanced.

Ques 4, Is there a written report from the
P. in C on the general state of the Church

Ans My report must be superficial however careful
and liable to error however prudent.

Generally speaking, the general state of the Church
in this station may be said to be as good compared

with other societies, as compared with the Standard
of the New Testament. deficient but not discouraging
Not a few of our members are genuinely pious and devoted
Most of them are moral and consistent - few have
come to my notice as indifferent or unfaithful
The collective spiritual life of the Church is lacking
in fulness intensity and aggressiveness,
Considering the field in which it works, it is not
numerically strong. The attendance upon the public
& social means of grace, is not what we wish
it to be. It is to be regretted that our class meetings
are held. The gift of social prayer, testimony and
song are not as generally possessed or exercised as they
should be. Family worship is too much neglected.
On the other hand, there is interest taken in our
services, there are ready and efficient workers
there is a good degree of enlightenment, willingness
& ambition. prayer is made and the end is not yet.
Tallahassee Station has treasure in the prestige of its
past. in the examples of its dead in its good name
fine opportunity good material resources and mea-
sure of grace attained. as well as in the promise of God.
It is high toned in its Churchy spirit, and well
balanced while it is broadminded in its relation
to other denominations. Its influence in the Com-
munity has weight and range. Its financial affairs
are well regulated & its Church machinery is good
It needs more life and more power.

" 3 Is there a written report from the Pm C
of the number and state of the Sunday Schools
Ans I have to report our Sunday School as
in very much the same state as at the time of
our first conference. A slight decrease in the
attendance is occasioned probably by the approach
of summer. The services are conducted regularly
the children carefully instructed. General deportment
excellent. We need greatly a leader and instructor
in Sacred Song and perhaps more animation and
aggressiveness. One scholar has professed con-
version and united herself with the church
and 4 others are avowedly seeking Christ

Ques 4 Is there a written report from the Pm C
on the general state of the church
Ans I think I may report some improvement
in the spiritual condition of the church.

Evening and afternoon services have been held
daily during last week and the week just closing
with the hope of religious revival and that hope
has not been altogether disappointed.

A good portion of our members have been questioned

and some awakening influences felt by the
unconverted. as before reported one person has
professed conversion, and others are seeking
after God. We trust that the good seed has
been sown will bring forth more fruit

By this partial revival, we are able to realize
more fully the spiritual drought which preceded it
an easy going, let well enough alone, type of
religion, has been too prevalent. While the Church
is not yet thoroughly awake and some of our
members have not seemed to share at all in our
times of refreshing. We have cause to thank God
and take courage

Our services are well attended and financial
interests in good plight

" 3rd Is there a written report from the Pres of
the Number & State of the Sunday Schools.
and the Condition of the Church

Answer The attendance upon Sunday School
has been very much reduced during the summer
averaging about 25 scholars. This has been caused
partly by prevalent sickness. Absence from town & C
partly by the fault of parents & children

The sessions of the schools have been held regular
ly and the exercises interesting & instructive

By the effort of the scholars \$16⁰⁰ have been
collected for providing books & papers & a supply
of ~~hyper~~ books purchased. There is increase
of interest & attendance in the male Bible Class and
a few new scholars in other classes have been Received.

The Attendance upon our public services has also
declined during the summer. There has been,
certainly no aggressive movement - we hope that
there has been no real deterioration. Even if in
the latter we are not deceived. There remains
much to be lamented, and great room with some
signs of improvement, with the coming of cooler
and healthier weather and by the increased effort
of pastor & official & private members. Under the
blessing of God. we still hope that better times are coming
The financial interests of the Church are in fair
condition, with some improvement on past years

Some Repairs are needed on the Church building and some in the parsonage.

The Romans Missionary Society is doing its work steadily & increasing in numbers.

The Ladies of the Church and Society paid \$75. on their Organ debt.

much sickness and a good deal of inclement weather which has interfered with our work, perhaps, but there has been no considerable growth or progress. If kindness to a pastor is a good sign the people of our Station are desiring of that credit in a large degree.

Our Sunday School is not growing. The prevalence of sickness has diminished attendance. It is well conducted and there has been a gratifying missionary contribution. We need more papers and a library.
