

**Trinity United Methodist Church
Tallahassee, Florida**

**Church Register Book Nine
(1984-2008)**

**As of May 2023, only the following Sections are complete:
Baptisms, Preparatory Membership, Removals, Deaths**

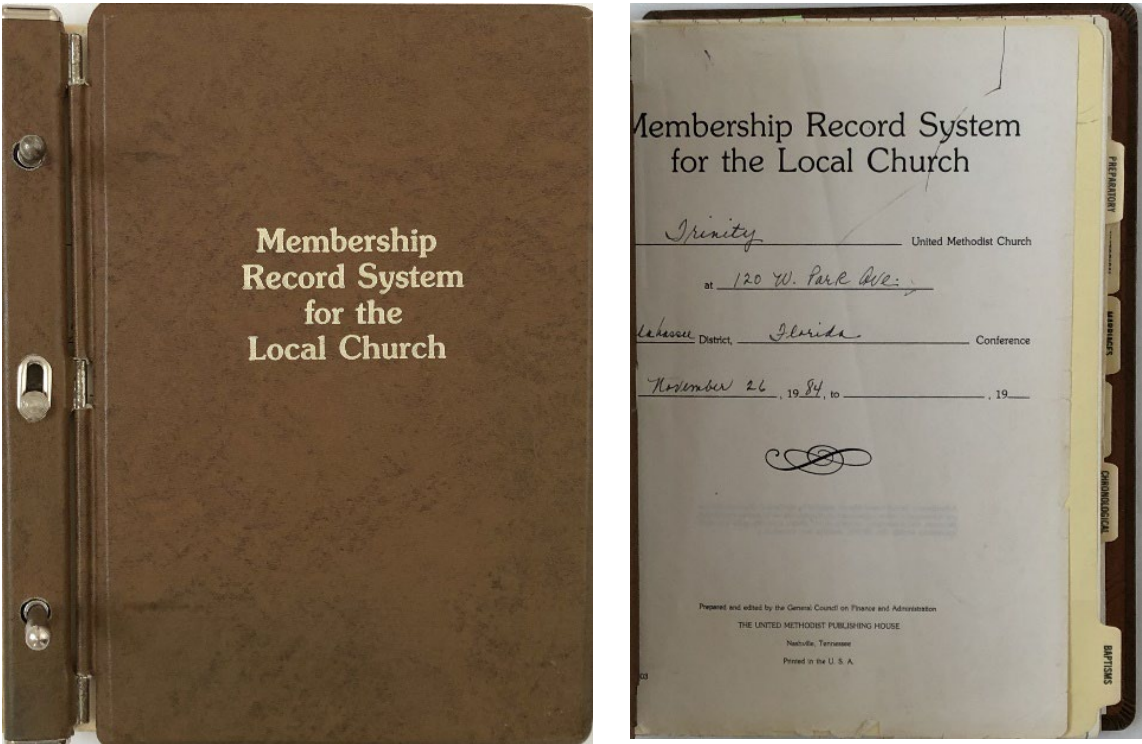

Incomplete Sections are Chronological Membership and Marriages

If there are questions regarding the profile of an individual, please call the church office and you will be directed to E. Lynn McLarty

Explanation of Record Book 9 (1984-2008)
Trinity United Methodist Church Tallahassee, Florida

There is one medium-sized book of records pertaining to the time 1984-2008. The book has a hard-bound cover with an accounting/bookkeeping type two-tube-locking mechanism. The pins are exposed at the spine area. Pages can be removed very easily from the book. The book has Sections on Chronological Membership, Baptisms, Preparatory Membership, Marriages, Removals, and Deaths.

Book 9

Explanation of Record Book 9 (1984-2008)

Trinity United Methodist Church Tallahassee, Florida

Membership Book 9, Chronological Roll of Full Membership. Entered are the name of the new member and their date of birth. Often the name of the spouse is given. The dates of being received into Trinity as well as the mode of reception are consistently given. Generally, the member's mode of removal and the date of removal are given.

Membership Book 9, Section on Baptisms. This is the most extensive Section of the book. The book allows for information on the baptismal event: name, address, date of birth, place of birth, the date and place of the baptism, the officiating minister, and the names of the parents. Even though the protocol for the entry of the parents' names includes the mother's family name, this was not followed throughout.

Membership Book 9, Section on Preparatory Membership. Given are the name of the preparatory member and the date of birth. The date and the place of baptism are also given. The date of the service for the confirmation as well as the name of the minister are recorded. The date of termination of the individual from the preparatory membership status is sometimes recorded, and the reason for termination is often given.

Membership Book 9, Section of Marriages. This Section is quite extensive in the information gathered. The name of the man and the name of the woman are given on separate lines. Each participant's residence is given. Notation is made as to whether the individual is a Trinity member or not. The date of the marriage, the officiating minister, and the place of the marriage are given. The license number and the county of issuance are documented. Frequently the new address of the couple is given.

Membership Book 9, Section on Removals. The heading for this Section is "Removed by Action of Charge Conference." The member's name, the last known address, and the date of action by the Charge Conference are entered.

Membership Book 9, Section on Deaths. Given are the name of the deceased Trinity member as well as the date of death. Generally, the place of burial is given along with the officiating minister.

ELM Vision for Trinity Membership Records

In the early 1990's and amid my genealogical travels to many libraries throughout Florida, Georgia, and Alabama (much, much before the availability of information on family history websites), and finding indexed books on a community church's history, the thought occurred to me to pursue the possibility of organizing Trinity's old records in a format readily accessible to other family history enthusiasts.

A long-time member of Trinity, a founding member of the Tallahassee Genealogical Society, and a resource person in my early years of genealogical research, Nellie Bird Mims supported me wholeheartedly on my idea for Trinity's records. With Nellie's encouragement I made mention of my broad plan to the co-chairpersons of Trinity's Church History Committee Vernon and Jamie Parramore.

On a Friday morning within the next few weeks, I experienced an "awakening" when they introduced me to the membership books. I was holding in my lap for the very first time these very old church records. I marveled at how the history of Trinity, Tallahassee's first religious organization, paralleled our City of Tallahassee's history.

Furthermore, I could readily see that the varied information on each Trinity individual would be a treasure to any genealogist. There were names, baptism dates, marriage dates, death dates, and in some later books the place of residence of the family. Some membership books named an individual's former church before coming to Trinity as well as the name of the new church and city when someone moved their membership from Trinity.

After this Friday morning experience my mind began to visualize the creation in a computer program a digital replication of this most-important resource of Trinity's past. I was impressed how all the entries in the membership books followed the same format—rows and columns. These membership books were stock items purchased with the sole intent for churches to record their membership rolls.

My immediate endeavor was to search the available computer software which would allow a spreadsheet design, a single entry of data, and allow easy manipulation of this data to accommodate future changes in formatting. Within the Microsoft product Excel I found my answer for the choice for the software. During this time of my making these logistical decisions, the Paramore's were gaining the support for my work from the Preservation of Church History Committee and from the Senior Minister David Hortin. The year was about 1995.

The first item to undertake was to photocopy the contents of Book 1. I spent many Friday mornings in the Church office (under the tutelage of the staff secretaries showing me the intricacies of their sophisticated photocopier) meticulously copying the pages from Book 1. One must remember the delicacy of handling this book and the care that had to be taken to ensure the book's integrity while turning it upside down for the photocopying process. All the pages were tattered, some to the point of being brittle. The pages of photocopied material were then hole-punched and bound.

Photocopying Book 1 solved three issues:

- 1) it gave me a copy of the book at home to make the entries onto the computer, on my time without having to be at the Church;
- 2) it allowed for minimum handling of the book during the time of data entry; and,
- 3) it gave the Church another copy of this most-important treasure in case of its subsequently being misplaced or destroyed.

For the next year or so the Excel file slowly paralleled Book 1. What pride to see this reality of my original vision! Once the contents of Book 1 had been entered into the realm of the "digital age", Book 2 was approached in the same manner as described for Book 1. Book 3, Book 4, and all the other membership books were photocopied for my use at the appropriate time.

In about 2001 Linda Yates became chairperson of the Preservation of Church History Committee. She and her husband Bob Yates constantly were stimuli for me to continue this project. All this time it was my intention to have the books put into print for dissemination to libraries, to state archives, and into private homes. At that time I envisioned that each book, or a compilation of the entire array of books, was to be a purchasable item, maybe a money making project for the youth or some other Trinity related group.

Only with the proliferation of the world-wide web and its ability to distribute information exponentially beyond the walls of a public library did I start thinking of preparing my work for a Trinity website or for a website under the auspices of the Tallahassee Genealogical Society. The search for a person with computer software knowledge of how to take my project and adapt it to the Internet was a slow process. Internet protocol constantly changed and expanded in dynamics and use. With the hope that this unique individual was "just around the corner" I began to make final scrutiny of my entries to prepare the database of Book 1.

What I needed was a partner who could be generous with her time to work closely with me to edit my work regarding spelling, formatting, and deciphering handwritten entries.

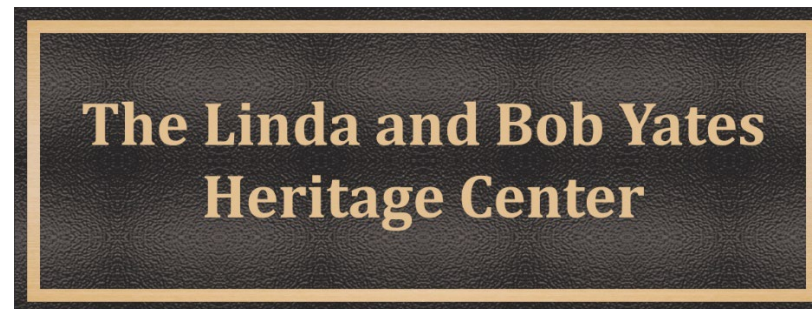

In 2010 Judy Tait Levy offered to sit with me one afternoon and let me show her my work in transcribing Trinity's membership records, in particular Book 1. As a Tallahassee native she immediately became interested in the names, the dates, and the association of Trinity's history with present-day Tallahassee. From that date on she was invaluable to this project; constantly revising, constantly enhancing our project.

It was in the summer of 2012 that Judy and I were introduced to the third member of our team, that long-sought person with the knowledge and the dedication to work alongside us to make Book 1 an Internet reality. Colleen McConnell was, without question, the answer to my prayer for this project to go from a static computer database to our dream of Trinity's membership records available to the world. The databases were transformed into an easy-to-use searchable format.

The Rev. Wayne Curry came to Trinity as the senior minister in the summer of 2008. It was through his direction and commitment to the long-sought establishment of a Church Heritage Room did Trinity come into its prominence of having our valued historical records available for use by our congregation and the public. Linda and Bob Yates planned the room and worked continuously with other committee members and church staff. The stylish and commodious Archives Room was completed for an open house on Trinity's 185th anniversary on September 2009.

As Colleen's availability to continue to support this project ebbed, I was once again blessed to have Pam Crosby arrive in Colleen's stead. Pam's unique abilities to manipulate the Excel data and transform the raw material into the format for the online presentation is so appreciated by the author.

Bob Yates' death in February 2020 prompted the Trinity Historical Society and the Committee for the Preservation of Church History to begin a movement to honor the Yates' many years of devotion to Trinity, and in particular their untiring commitment to maintaining Trinity's valuable records. With full backing from the senior minister Wayne Wiatt, this movement materialized to rename the Archives Room to the **Linda and Bob Yates Heritage Center**. On October 20, 2020, the draped bronze plaque over the door of the Archives Room was ceremoniously removed.

Special recognition for meticulously transcribing many sections for Books 8 and 9 goes to Amy Henderson. Earline Welch Adkison is also recognized for her stepping seamlessly into the chairside editing position in 2021 when Judy Levy moved from Tallahassee. Pam Crosby made the final alterations to the databases for online compatibility and placed them on Trinity's website. Thank you so much Judy, Pam, Amy, and Earline for your many years of support.

Preserving and sharing Trinity's treasured past in the Heritage Room and making portions of our heritage accessible through the Internet, has finally come to fruition!

E. Lynn McLarty
